GOVERNMENT OF BOMBAY
Finance Department.
Circular No. 6384/33.
Bombay Castle, 1st October 1945.

CIRCULAR OF GOVERNMENT.

In view of the cessation of hostilities it has become necessary to consider without delay the possibility of discontinuance of posts and projects sanctioned in connection with the war or on account of conditions arising out of the war. The succedding pargraphs ou line the principles for the review of such cases.

2. Some of the posts and projects of the type under consideration have been ~~xxxxxxxxxx~~ sanctioned" for the duration of the war". Government has decided that all such sanctions, i.e., sanctions" for the duration of the war" and not otherwise specified, should be extended up to the 31st October 1945. The Departments of the Secretariat are requested scrutinise immediately. so far as each Department is concerned, all such sanctions and to issue appropriate directions to the officers subordinate to them regarding the discontinuance of these items of expenditure. The sanctions in these cases will automatically expire on the 31st October 1945 ~~unless~~ unless they are extended beyond that date with the concurrence of the Finance Department. Cases in which further continuance is deemed necessary should be reported to the Finance Department by the 15th October 1945 at the latest, with reasons for the recommendations.

3. In view of the orders contained in Political and Services Department Circular No. 18/3-Appts. dated the 5th June 1943, sanctions valid "for the duration of the war" are not likely to be numerous. A large proportion of posts and projects under consideration have been sanctioned by Government up to the 28th February 1946 or for some spefified period. These sanctions can be broadly classified under the following categories :-

(a) posts and prbjects directly connected with the war or pertaining to supplies or services for the Defence Department.

(b) posts and projects necessitated by economic controls and other activities arising out of conditions cretated by the war.

(c) posts and projects which are part of the normal and necessary activites of Government.

The Annexure to this Circular contains lists of some of the

schemes...

schemes and posts which fall in the categories (a) and (b). These lists, are, however, only illustrative and by no means comprehensive.

Category (c) will include temporary establishments for dealing with extra work thrown on permanent establishments on account of a general increase in work e.g., Resident Magistrates appointed to relieve Mahatdars of their magisterial work.

The Departments of the Secretariat are requested to review very urgently all temporary sanctions pertaining to their departments and to report to the Finance Department by the 31st October 1945 their recommendations for the discontinuance or otherwise of sanctions falling in the categories mentioned above.

4. In view of the end of the war, the question of an earlier termination of sanctions falling in category (a) should be considered immediately. It may be necessary in the case of works of military importance which are not useful to this Government to bring them to a "safe stage" before they are stopped.

5. As regards the sanctions falling in categories (b) and (c) it is realised that a large number of items will have to be continued further but the periods for which they will be needed will very according to circumstances in each case. The Secretariat Departments concerned should therefore scrutinise all present sanctions and report to the Finance Department, not later than the 31st October 1945, the dates up to which the Departments concerned consider it will be necessary to continue these posts and projects. At the same time it should be indicated what reductions in the provisions in respect of the posts and projects under reference can be taken into consideration for purposes of (a) Revised Estimates of the current year and (b) Budget Estimates of the next year.

6. All Departments of the Secretariat are expected to keep expenditure on such posts and projects under constant review and, wherever possible, to discontinue unessential posts or projects earlier than the 31st October 1945 or other relevant date to which the sanction may extend.

GOVERNMENT OF BOMBAY.
Public Works Department.
Circular No. 7620/36.
Bombay Castle, 5th October 1945.

CIRCULAR OF GOVERNMENT.

In view of the cessation of hostilities it was become necessary to consider without delay the possibility of discontinuance of posts sanctioned in connection with the War or on account of conditions arising out of the War. The succeeding paragraphs outline the principles for the review of such cases.

2. Some of the posts are sanctioned for the duration of the War. Government has decided tht all such sanctions, i.e., sanctions "for the duration of the War" and not otherwise specified, should be extended upto the 31st October 1945 only. The sanctions in these cases will automatically expire on the 31st October 1945 unless they are extended beyond that date by specific orders of Government. The local officers are therfore requested to scrutinise immediately, so far as they are concerned all such sanctions and to issue appropr-iate directions to the officers subordinate to them regarding the discontinuance of these items of expenditure before the due date. The number of posts to be discontinued by 31st October 1945 should be reported to Government.

3. Details of posts which are required to be continued beyond the 31st October 1945 should be reported to Government by the 12th October 1945 with full reasons for their continuance. Each case or gropp of similar cases should be submitted separately for the orders of the Government.

4. Some posts under review might have been sanctioned upto the 28th February 1946 or some specific period beyond the 31st October 1945. These sanctions can be broadly classified under the following categories:-

(a) Posts directly connected with the War.

(b) post necessitated by economic controls and other activities arising out of conditions created by War.

(c) Posts created on account of the expanded normal activities of the Department.

(d)...

(d) Posts created for Post War Schems

Category (a) These have been dealth with in paragraphs 2 and 3 above.

Category (b) :- The continuance of the posts included in this category will depend upon the extent to which the economic controls sanctioned by Government will continue to be in force hereafter. The number of such posts should be intimated to Government as early as possible, in any case in good time beefre the expiry of the present sanctioned period. It should be clearly explained how the posts were initially created and the reasons for their continuance.

Category (a):- In view of the end of War, the feasibility of earlier termination of some of the temperary posts should be considered. It is imperative to keep expenditure on such posts under constant review and wherever feasible to discontinue such posts even earlier than the sanctioned period. An consolidated report should be submitted to Government in this connection.

Category (d):- The posts created for Post War Reconstruction programme are outside the purview of this Circular.

5. The reduction which can be effected under "Establishment" should be taken into consideration for purposes of (a) Revised estimates of the year 1945-46 and (b) Budget estimate of the year 1946-47.

6. The Executive Engineers of Divisions should submit their proposals to the Superintending Engineers etc. concerned who should submit their recommendations to Government by the dates mentioned above.

Budget Estimates - Part II-B-50 Civil works
Establishment (Ordinary)-1948-49-Voted Project Circle.

The S.E., P.C. has proposed a provision of R/e. Rs.21,200 (Voted) as detailed below, for pay and allowances of the additional establishment required for the Satara Division for 1948-49-

Item	Amount. Rs.
(a) Pay of Officers.	3, 180
(b) Pay of Establishmen	9, 060
Interim relief.	1, 620
(c) Allowances:-	
Travelling allowance	2, 640
Dearness allowance	4, 100
Cost of living allowance Gazetted Officehs.	600
Total	21, 200

The establishment proposed to be provided for is as under:-

I. Establishment in the Krishna Canals Sub-Division.

(i) One Deputy Engineer (S.D.O.)

(ii) Two Overseers.

(iii) One clerk for Dnl.Office.

(iv) Three Sub-Dnl. clerks.

(v) Three Inferior Servants for sub-Dnl. office (2 peons and 1 chokidar).

(vi) Two sectional peons.

II. Establishment for the Divisional and Sub-Divisional offices Satara Division.

(i) One clerk for Dnl.office in the grade of Rs. 25-5-/2-65.

(ii) Four Sub. Dnl. clerks in the grade of Rs. 25-5/2-65
One for Satara Sub-Dn.
-do-for Koregaon Sub-Dn.
-do- for Karad Sub-Dn.
-do- for Krishna Canals Sub-Dn.

2. Item I above:- The establishment except the two overseers was first sanctioned in 1945 along with the Sub-Division for one year in the first instance (G.L.No.7051/36-E(I), dated the 13-1-45, and has been continued on an annual sanction basis. The present sanctioned period will expire on the 29-2-48. (G.L.No. 7051/36-E(I), dated the 7-4-47). The establishment is likely to be continued during 1948-49

question of continuance of the estabt. will, however, be considered when the proposal to that effect is received from the S.E.-vide portion marked 'A' on page 2 ante. In the mean time the provision of Rs. 11.390* proposed for this estabt. may be admitted in full subject to rounding.

3. Item II above The S.E. has asked for one addl. clerk on a pt. basis for the Satara Divisional Office. In support of this request has been abnormally increased due to conversion of work charged estabt. into pt, and tempy, It may be stated that for this work one additional temporary clerk has been already sanctioned since 1944 for the Satara Divisional office along with that for other Divisional Offices. The clerk is being continued upto the 29-2-48. The S.E.has not given any detailed justification statistical and otherwise in support of his present request except merely stating that the work has increased. A case for addi-tional clerk does not seem to have been made out by merely stating that there is increase in work.

In the circumstantece it is for consideration-

(a) whether the request may be negatived or

) whether the S.E. may be asked to submit the proposal separately giging full justification statistical and otherwise in support thereof, or

S.E.may be asked to submit proposals fully justifying the demand.

(c) whether the request may be accepted in consultation with the F.D. and the clerk may be sanctioned on a tempy. basis for the period from 1-4-48 to 28-2-48. in the first instance.

If the proposal is approved the provision of Rs. 984* proposed for the clerk may be admitted in full otherwise it may be omitted.

On account of the increase xfxthxx in work due to activities of food and fodder drive the S.E. has asked for one additional temporary clerk for the Krishna canals Sub-Division for the year 1948-49 and has accordingly proposed provision of Rs. 984* for his pay and allowances. The S.E. has not furnished detailed information in support of the proposal. The additional clerks does not seem to be justified by merely saying that there is increase in work. It is accordingly for consideration whether the S.E's. request may be negatived and the provision omitted or whether it may be accepted in consultation with the F.D. and the provision admitted in full subject to rounding.

U.O.No. G-19/7026 of 1947
P.W.D., Project Circle Office.
Poona-1, 4th November 1947.

Returned with compliments, to the Secretary to Government Public Works Department, Bombay.

2. Provision for 2 Divisional Clerks in the grade of 25-5/2-65 on Temporary establishment for Satara Division has been sanctioned already upto 29-2-1948 vide Government P.W.D. letter Nos. 7620/36-E(II) dated the 26th June 1947 and 7051/36-E(II), dated the 7th April 1947 and hence it is not over and above the posts sanctioned by Government. This office however recommended that one of the two posts may be continued on a permanent basis considering that the increase in the work due to conversion of Work charged into Permanent and Temporary establishment is likely to remain constant in future and as the work is found to be beyond the capacity of one clerk in Divisional Office to cope up with.

3. The provision made for one additional Sub-Divisional Clerk for Krishna Canals Sub-Division vide para 3 on page 7 has not been deleted in the absence of sufficient data in justification and provision of 1 Daftary (out of the 5 posts)sanctioned upto 29th February 1948 vide Government P.W.D.letter No. P-190/15553-E(II), dated the 9th June 1947, which remained to be made has now been made which may kindly be admitted.

4. Government has, vide statement No. I appended to Government Resolution P.W.D.No. 3486/36-E, dated the 28th July 1947 sanctioned for normal Circles conversion of certain posts on work Charged Establi--shment into permanent pensionable or temporary posts. In accordance with this Government Resolution, this office had under this office No. GR-31-K/4500, dated the 13th August 1947 asked the --- Superintending Engineer, Central Circle to communicate to this office the number of posts under each category earmarked for Sholapur and Satara Divisions out of the total No of posts sanctioned by Government Central Circle as per the Government Reseletuion referred to above, In repense to this the Superintending Engineer, Central Circle has now vide his No. G-47/6654 dated....

dated the 31st October 1947 addressed to Government endorsed to this office communicated that out of the 17 of clerks in the garde 25-5/2-50 E.B. 5-2-65 6 posts are transferred to Project Circle and are meant for Satara and Sholapur Divisions.

5. In the absence of the above information before submission of Budget Estimates to Government provision of 6 clerks (3 for Sholapur and 3 for Satara) has been made by this office on the temporary Establishment out of which 3 posts are included for Satara Division in the Part II-B Budget and 3 in II-A Budget for 50 Civil Works under Sholapur Division. The Provision of 6 clerks mentioned above made in the Temporary Establishment Budget estimates may, if approved, be admitted and sanctioned this year as it is, as the same will be transferred by reappropriation as and when necessary.

2. Para. 2 of the S.E., P.C's. n.o. note.- The S.E's. requst is that one of the two tempy. posts of Divisional clerks sanctioned upto 29-2-48 for the Satara Divisional office may be continued on a permt. basis. In para 4 of G. L. No. 7620/36-E(II), dated the 27-6-47, the S.Es. concerned have been r quested to furnish full statistics reg. work for the last 4 years, if further continuance beyond the 29-2-48 of the Divisional Clerks, sanctioned for the Divisional Offices including the Satara Division, is deemed necessary. This being so, the above request which has been made in an isolated case need not perhaps be considered. The question of continuing beyond 29-2-48, the Divisional clerks posts on temporary basis will, however, be considered on receipt of full justification in statistical form from the S.Es. concerned.

3. Para. 4 of the S.E., P.C's note:- The necessary orders reg. the transfer of six temporary posts Sub-Divisional clerks from the C.C. to the P.C. have been issued separately.

Subject:- Continuance of temporary posts of Sub-Divisional Clerks.

Reference: Statement sent under this office No. 2009, dated the 4th March 1948 and Government letter P.W.D., No. 7620/36-II.E(II), dated the 16th December 1947.

2. A statement giving the detailed statistics indicating - the progressive increase in the pressure of work justifying the necessity of continuing eleven posts of additional Sub-Divisional Clerks is enclosed for perusal.

3. The figures of expenditure, works etc. in the statement shows the extent to which the work in the Sub.Divisional offices has already been increased. The work in the Sub-Divisional offices is also further increased due to number of types of work as a result of policy of Government to start new works in the Department. No reduction in this direction is possible and it is time to consider the question of bringing all these above posts on permanent basis beyond 29-2-48.

4. Government may, therefore, kindly be moved to accord their sanction to bring these posts of Sub-Divisional Clerks on permanent establishment.

establishment work.

Ref:- Government letter No. 7620/36-II-E(II), dated 9-2-1948.

2. Government have sanctioned the continuance of the temporary post of a clerk in the grade of 25-5/2-65 (new scale 46-3-85-EB-4-105) upto 28-2-1949 to cope with the increased establishment work due to conversion of a large No. of workcharged establishment posts into permanent and temporary posts. Before 1-4-1943 when such posts were first so converted the total No. of persons of the regular establishment was only 91. After 1-4-1943 this figure increased to 144 and on 1-4-1947 it again increased to 238,94 posts being converted into permanent and temporary, vide G. R.,P.W.D., No. 3486/36-E, dated 28-7-1947. Thus, the present No, of persons on permanent and temporary establishments is 2½ times the No. that existed on 31-3-1943.— Experience has shown that on account of the conversion of many inferior service posts into those on Regular Establishment, —Establishment works has very considerable increased and even two clerks are not able to cope with the work. In the case of these inferior servants, it is noticed that they not onl enjoy whatever earned leace is at their credit, but after leave without pay is —required to be granted. Under the revised leave rules leave salary is required to be calculated on pay for 36 months or 12 months —whichever is beneficial to the applicant. These calculations involve considerable time and energy of the clerks and this is oneof the important facters which contribute to the heavy increase in —Establishment work.

3. The maximum limit of members on regualr establishment upto which one clerk can manage the establishment can be taken at 70 to 80 considering the substantial proportion of inferior establishment. The present strength of such members being 238, and it is — needless to say that,it is hardly possible for two clerks to manage the work. I, therefore, request that Government may kindly be moved to sanction another post of a clerk, this time in the grade of 92-8-140, instead of in the lowest grade.

The P.W.D. proposes to sanction one post of an additional clerk in the scale of Rs. 92-8-140 for the office of the Executive Engineer, Presidency Division.

2. The Executive Engineer, Presidency Division in para 2 of this letter dated 20-4-1948 has explained the necessity of appointing an additional clerk. It seems that work due to the conversion of work charged and temporary posts into temporary and permanent posts has been considerably increased and the existing staff is not in a position to cope with the same. One additional hand, therefore, is necessary to help the present staff; but it is not, however, clear why the higher scale of Rs. 92-8-140 is proposed for the post to be created. There seems to be no adequate justification for this proposed higher scale for the post. F.D. may, therefore, advise that an additional post of a clerk may be sanctioned in the usual time scale of Rs. 46-3-85-E.B.-4-125-5-130.
